EQUIPMENT RENTAL RETURN DATE: _____
Date

SAFETY CONSIDERATIONS

- ***Read the label first and follow the directions, including all precautions and restrictions.***
- Don't use products for pests that are not indicated on the label and don't use more herbicide than directed by the label.
- Before applying herbicide, remove children, toys and pets from the area and keep them away until the herbicide has dried or as recommended by the label.
- Never leave equipment and herbicides unattended or unsecured.
- Don't spray outdoors on windy or rainy days. Take precautions to keep the herbicide from drifting or running off the desired location.
- Consider the time of day. Apply herbicides during the early morning, evening, or night hours when air movement is typically decreased, temperatures are coolest, and relative humidity is lower.
- Use protective measures when handling equipment & herbicide as directed by the label, such as wearing impermeable gloves, long pants, long-sleeve shirts, eye protection and close-toed shoes.
- If pesticides spill or splash on you or your clothing, immediately remove clothing, wash with soap and water, put on clean protective clothing, and clean up the spilled material.
- Remove PPE immediately after handling this product. Wash the outside of the gloves before removing them. As soon as possible, wash thoroughly and change into clean clothing.
- Wash hands thoroughly before eating, drinking, or using the toilet.
- If you or a peer swallow or inhale an herbicide or get it in the eyes or on the skin, the United States Environmental Protection Agency (EPA) recommends taking the following actions:
    - Call 911 if the person is unconscious, having trouble breathing or having convulsions.
    - Check the label for directions on first aid for that product.
    - Call the Poison Control Center at 800.222.1222 for help with first aid information.

TERMS AND CONDITIONS

By signing below, renter agrees to:

1. Read and follow all instructions on the herbicide labels and provided documentation.
2. Wear appropriate Personal Protective Equipment (PPE) when using equipment including but not limited to long sleeved shirts, pants, close-toed shoes, protective eyewear and impermeable gloves.
3. Assume all liability in the case of unintended injury to humans, animals, and/or plants.
4. Assume all liability in case of environmental contamination due to an herbicide spill, including, but not limited to, cleanup of contaminated soil and water.
5. Notify the Conservation District of any damages to the equipment, or of any equipment that is not operating correctly.
6. Clean (triple rinse) the equipment prior to returning it.
7. Forfeit the rental deposit for any equipment that is damaged or not returned within contract period.

RELEASE OF LIABILTY AGREEMENT

I understand and agree that I will follow the requirements listed above. I also certify that I understand how to use the rented equipment, will follow the herbicide label, provided instructions, and will only use the herbicide(s) provided in the rented equipment. I agree to hold The Scott Soil & Water Conservation District harmless as to any liability which may arise out of the transportation and/or use of the equipment & herbicides.
